HealthLink® Inc., is an Illinois corporation. HealthLink, Inc. is an organizer of independently contracted provider networks, which it makes available by contract to a variety of payors of health benefits, including insurers, third party administrators or employers. HealthLink has no control or right of control over the professional, medical judgment of contracted providers, and is not liable for any acts or failures to act, by contracted providers. HealthLink, Inc. is not an insurance company and has no liability for benefits under benefit plans offered or administered by payors. HealthLink® is a registered trademark of HealthLink, Inc.

An important notice about HealthLink and the HealthLink network of participating physicians, hospitals and other health care professionals. The doctors, hospitals and other health care professionals that are part of the network organized by HealthLink are independent contractors who exercise independent medical judgment, and over whom HealthLink has no control or right of control. When you or a covered family member seeks care from a physician, facility or other health care professional in the HealthLink networks, either directly or by referral from another health care professional, you are seeking care from that health care professional, not from HealthLink. Your doctor and other health care professionals and facilities exercise independent medical judgment and should discuss treatment options with you, including options that might not be eligible for benefits under your health plan. HealthLink is not responsible for, does not provide, and does not hold itself out as the provider of your medical care.

Every effort has been made to ensure the accuracy of this directory. Occasionally physicians and hospitals change addresses or change their participation status in the HealthLink network program. We recommend that you verify your physician's status before receiving care. For verification, you may contact the hospital or the physician's office, or the Customer Service number listed in this directory. Keep in mind, certain care may not be covered by your employer's health benefit plan. Carefully read the complete plan documents provided by, or available from, your employer for all coverage details.
